

PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in building academic and personal projects using Java, HTML, CSS, and JavaScript. Strong interest in problem solving, data structures, and application development. A quick learner with a consistent approach to improving programming skills and developing practical solutions through projects and practice.

EDUCATIONAL QUALIFICATIONS:

United Institute of Technology	B.Tech in Computer Science	GPA: 8.8 (till 4 th semester)	2023-present
Saint John's Academy:			
Senior secondary ISC		Percentage: 87%	2023
Secondary ICSE		Percentage: 95%	2021

INTERNSHIPS/TRAINING:

- 6-week Virtual Internship in Web & Mobile Development (IBM PBEL Program) -React, APIs, Deployment Aug 2025
Build a food ordering website using React as a part of IBM's PBEL program
- Summer training in Core Java (United Institute Of Technology) July 2024
Learned OOP, fundamentals of Java programming

ACADEMIC PROJECTS:

- ZenTask** | JavaScript, HTML, CSS January 2026
- Developed an interactive dashboard to manage daily tasks, habits, and overall performance
 - Implemented To-Do list, Daily Planner, and Pomodoro timer to structure focused work sessions
 - Maintained consistent productivity tracking for **20+ days**, reinforcing disciplined planning habits

- FoodiFi** | HTML,CSS, JavaScript, ReactJs Aug 2025
- Built a responsive UI to browse food items using external APIs
 - Implemented filtering and routing for smooth navigation and user experience
 - Worked with APIs, JavaScript, and applied basic UI/UX design principles

CERTIFICATIONS AND ACHIEVEMENTS

- Training Program on **Web Development** (IBM PBEL) July 2025
- Python Programming (HCL GUVI) July 2025
- Active member of **House of Orators & English Club**, improving communication and public speaking 2025
- Participated in GFG Coding Competition 2025
- Mentored **5 students** in communication skills 2024
- Volunteered in a cultural event in college fest 2024

WORKSHOPS ATTENDED

- AI Tools – Hosted by NXT WAVE:** Learned to leverage multiple AI tools for research, visualization, summarization, coding assistance Jan 2025
- GDG DevFest:** Attended sessions on the latest trends in web and cloud technologies, and networked with industry experts Oct 2024
- Cyber Security Workshop:** Gained insights into ethical hacking, online safety, and prevention against threats Sep 2024

SKILLS

Technical Skills:

- Languages: C, C++, Java (OOPs), SQL
- Web Technologies: HTML5, CSS3, JavaScript (ES6+), React.js
- Version Control: Git, GitHub
- Platforms: GFG, LeetCode
- Databases: MySQL

Soft Skills:

Communication, Leadership, Collaboration, Problem Solving
